

The ACCE BENEFIT TRUST PROFIT SHARING PLAN (the Plan) offered by ACCE BENEFIT TRUST has fees associated with the services and resources provided by the Plan. This notice contains information about the fees, expenses, investment options and restrictions for the Plan. Log on to principal.com or call us at 800.547.7754 to make changes to your account or request additional information.

The **Plan Fiduciary** is the individual(s) who has authority over the operation and administration of the Plan and its retirement funds. The Plan Fiduciary is typically your employer, and may also be called the Plan Sponsor. The Plan Fiduciary makes certain investment options available to you under the Plan. To help you make informed investment choices and for more information about the investment options (including investment objectives, performance and fees) available under the Plan, please review the attached Investment Option Summary or visit principal.com. You are responsible for directing the retirement funds to the options available in the Plan and can make changes to your mix by logging into your account at principal.com.

The **Plan Administrator**, who is also a Plan Fiduciary, has the authority over the operation and administration of the Plan. If you have questions about the investment options available under the Plan or would like paper copies of additional investment information, you can obtain this information on principal.com or by contacting the Plan Administrator:

ACCE BENEFIT TRUST
277 S. WASHINGTON ST STE 210
ALEXANDRIA, VA 22314-6400
800-394-2223

The following information is available upon request from the Plan Administrator (at no charge):

- Copies of prospectuses (or any short-form or summary prospectuses) for applicable investment options
- Copies of any financial statements or reports, such as statements of additional information and shareholder reports, and of any other similar materials relating to the Plan's designated investment options
- A statement of the value of a share or unit of each designated investment option and the date of the valuation
- A list of the assets comprising the portfolio of each investment option which constitute Plan assets and the value of each asset (or the proportion of the investment which it comprises)
- The following information about each investment option (including fixed-return investment options) available under the Plan: issuer name, investment objective, principal strategies and risks, turnover rate, performance, and fee and expense information
- To the extent a group annuity contract under the Plan permits you to select an annuity guaranteed by an insurance company, a statement that the guarantee provided by the insurance company is subject to its long-term financial strength and claims-paying ability
- A description of the exercise of voting, tender and similar rights for an investment alternative and any restrictions on these rights can be found in the relevant Plan document or trustee powers section of the trust agreement

ERISA Section 404(c) — The Employee Retirement Income Security Act (ERISA) provides rules on the investment of retirement funds. ACCE BENEFIT TRUST has chosen to qualify the Plan as an ERISA 404(c) plan and intends to comply by providing information for you to make educated investment decisions. Additionally, you may direct the investment of individual retirement accounts, choose from at least three diverse investment options, and change investment choices at least quarterly.

This means the Plan Fiduciary should not be liable for any investment losses that result from a participant's investment control, including a participant's election to use Target My Retirement®.

Note: Access to the wide array of investment options under the Schwab Personal Choice Retirement Account® (PCRA) may comply with 404(c). However, there is no definitive guidance as to whether the 404(c) requirements are met under a brokerage account.

Directing or transferring investment options — Certain investment options may have restrictions. See the Investment Option Summary for details. You can direct or transfer retirement funds between the different investment options at least quarterly, but the Plan may allow for more frequent transfers and changes. To update investment elections for your current balance or future contributions, log in to your account at principal.com or call us at 800.547.7754.

You may not direct contributions or investment transfers into Self-Directed Brokerage Account.

To transfer retirement funds, log in to your account at principal.com or call us at 800.547.7754.

Fees and expenses+ — For the current year, an annual Plan administrative expense of 0.3800% applies to your account balance. One-twelfth of the total amount will be deducted from your account balance each month.

Plan administrative expenses typically cover items such as recordkeeping, participant website access, participant statements, Plan compliance services and financial professional services.

There may be additional Plan expenses during normal Plan operation for services such as legal, auditing, other service provider,

consulting or investment advice. The Plan Fiduciary determines how these expenses are allocated at the time the expenses are paid. These expenses are typically allocated among participants based on participant account balance, but may be allocated by dividing the total expenses to be deducted by the total number of participants in the Plan. You can view the dollar amount of applicable expenses under your account at principal.com and on your statement.

- + If you have a balance in an investment that is excluded from the collection of expenses, we will collect the expense from the balances in other investments, beginning with the investment with the largest balance.

Participant-level fees — Participant transaction fees will be charged to your account balance for the services you choose to use. Participant transaction fees for the Plan include:

- **Distribution fee:** \$50.00
- **Distribution installment fee:** \$12.50 per quarter
- **Enhanced Hardship Withdrawal Service fee:** \$100.00
- **Loan maintenance fee for new loans:** \$12.00 per quarter
- **Loan setup fee:** \$75.00
- **Qualified Domestic Relations Order fee:** \$220.00 Per hour for each Domestic Relations Order reviewed. The fee is divided between the participant and the alternate payee involved unless specified differently within the Domestic Relations Order or the Plan's administrative procedures.
- **Qualified Domestic Relations Order processing fee:** \$350.00 for each Domestic Relations Order processed. The fee is divided equally between the participant and the alternate payee involved unless specified differently within the Domestic Relations Order or the Plan's Administrative Procedures.
- **Wire transfer fee:** \$25.00
- **Fee for overnight mailing a check:** \$25.00
- **Stop payment fee:** \$25.00
- **402(g) refund fee (deferral contributions made in excess of IRS limit):** \$50.00

Target My Retirement® — You may elect a managed account service, Target My Retirement, which is subject to the same risks as the underlying asset class. With Target My Retirement, Morningstar Investment Management LLC, a registered investment advisor and subsidiary of Morningstar, Inc., will act at the fiduciary within the service and will invest and manage your retirement account based on your personal information, including age, gender, years to retirement, current salary, current savings rate, and account balance, and other personal and financial information that you provide to Morningstar Investment Management. The investment strategy is regularly monitored and rebalanced as you approach retirement, as your financial needs change, and as you update information about you through the Morningstar Investment Management website through your login at principal.com. **Projections and other information regarding the likelihood of various retirement income and/or investment outcomes are hypothetical in nature, do not reflect actual results, and are not guarantees of future results. Results may vary with each use and over time. Participants should continue to review investment information. Past performance is no guarantee of future results. All investments involve risk, including the loss of principal.** Please carefully review the disclosure document before investing. This may be accessed [here](#) or by requesting a copy from the Compliance department at Morningstar Investment Management at 312-696-6000.

While in the service, you will be unable to make transfers among the plan's eligible investment options (as defined in the Participant Agreement) and direct how new contributions are allocated. You may stop participation in the service at any time by calling 800.547.7754 or by logging into your account at principal.com. You should also log in to your account for additional important information about the service.

Investment Objective & Risks and Return: The Target My Retirement service seeks to achieve varying degrees of capital appreciation and capital preservation through a mix of equity and fixed income investments consistent with your circumstances. The service, and each allocation within the service, may be subject to equity market, foreign equity market, real estate market, foreign bond market, and domestic bond market risks, any of which could cause an investor to lose money. While the allocation for each individual may vary, the investments made for participants who are further from their anticipated retirement may involve greater risks than investments made for participants who are closer to retirement, due to the fact that investments made for participants who are further from retirement typically include a greater allocation to equity securities. Participants whose account assets are invested more heavily in equity securities are also subject to greater risk of market fluctuations. The actual allocation for each individual depends on several demographic and account factors. The factors include age, anticipated retirement age, the participant's current account balance, the participant's eligible income, the participant's current savings rate, gender (for life expectancy) and any additional assets held outside the Plan that the participant expects to use for retirement income purposes and that the participant has provided to Morningstar Investment Management.

Fees and Expenses: The fees and expenses associated with Target My Retirement consist of an asset-based service fee of .4% of Eligible Investment Options* per year. The service fees are accrued daily and charged to your retirement accounts managed under the Target My Retirement service on a monthly basis. These fees are in addition to investment advisory and other fees charged by mutual funds and other investment options in which participant account balances are invested as well as recordkeeping plan administrative fees.

* Investment options generally not eligible for inclusion in the service include but are not limited to company stock or other stock investments, self-directed brokerage account investments, and guaranteed interest accounts. You have responsibility for managing these retirement funds. Therefore, the fee will not apply to investment options that are not eligible for the service.

The Managed Accounts and Advice services presented through Target My Retirement are offered by Morningstar Investment Management LLC, a registered investment adviser and subsidiary of Morningstar, Inc., and are intended for citizens or legal residents of the United States or its territories. The Morningstar name and logo are registered marks of Morningstar, Inc. Investment advice generated by Morningstar Investment Management is based on information provided and limited to the investment options available in the defined contribution plan. Projections and other information regarding the likelihood of various retirement income and/or investment outcomes are hypothetical in nature, do not reflect actual results, and are not guarantees of future results. Results may vary with each use and over time. The Morningstar name and logo are registered marks of Morningstar, Inc. Morningstar Investment Management is not affiliated with Principal®.

All investments involve risk, including the loss of principal. There can be no assurance that any financial strategy will be successful. Morningstar Investment Management does not guarantee that the results of their advice, recommendations or objectives of a strategy will be achieved.

Schwab Personal Choice Retirement Account® (PCRA)* — In addition to the investment options designated by the Plan, you may utilize the Schwab Personal Choice Retirement Account® (PCRA) which is a self-directed brokerage account. To learn more about this option, visit principal.com/pcra.

PCRA Fees and Expenses: The Self-Directed Brokerage Account maintenance fee is \$25.00 and charged quarterly to your account. There may be transactional fees charged by Schwab, which are outlined in the Schwab Pricing Guide. The Schwab Pricing Guide can be found at schwab.com/cbrspricingguide. These fees are in addition to investment advisory and other fees charged by mutual funds and other investments in which participant account balances are invested as well as recordkeeping plan administrative fees.

This document provides important information to help you compare the investment options available to you under the retirement plan.

Investment results shown represent historical performance and do not guarantee future results. Investment returns and principal values fluctuate with changes in interest rates and other market conditions so the value, when redeemed, may be worth more or less than original costs. Current performance may be lower or higher than the performance data shown.

When you log into your account at principal.com and click on Investments > Investment Performance, you can find the following to review investment information.

- The most recent month end performance on an investment option.
- To view asset class descriptions, scroll below the list of available investment options, then click on “View detailed descriptions of all asset classes.”
- To view the description of a benchmark for a specific investment, click on the investment name, then Investment Option Profile and scroll to the bottom of the page.

Additional information available online includes, if applicable, the name of the investment option's issuer; the investment option's objectives or goals; the investment option's principal strategies, including a general description of the types of assets held by the investment option; the portfolio turnover rate; and the investment option's performance data and fee and expense information and a glossary of terms to assist you in understanding the designated investment options.

In situations where the net and gross total investment expense figures are different, the mutual fund or the underlying fund in which a Separate Account invests has waived/capped a portion of its management fees through the date displayed in the waiver expiration date or contractual cap expiration date column. Differences may also be shown due to the fund family choosing to pay certain expenses that would normally be payable by the fund. Returns displayed are based on total investment expense net.

Total Investment Expense - Gross is the current maximum expense ratio, as a percentage of assets that can be applied to this investment option. This does not represent the recordkeeping or individual transactional fees that can be deducted from or reduce the earnings for an investment under your account. However, it does include operating expenses, management fees, including 12b-1 fees, and administrative fees.

Total Investment Expense - Net; you will be responsible for this expense and it will be automatically taken prior to calculating performance. Total Investment Expense - Net is the Total Investment Expense - Gross expense ratio less any fee waivers, reimbursements or caps, if applicable. The expenses ratio, as a percentage of net assets, includes operating expenses, management fees, including 12b-1 fees, and administrative fees.

Expense Waiver/Contractual Cap - When gross and net expense ratios differ, the investment adviser may have agreed to waive certain expenses that would normally be payable by the fund or contractually agreed to limit the investment option's expenses.

Fees and expenses are only one of several factors that participants and beneficiaries should consider when making investment decisions. The cumulative effect of fees and expenses can substantially reduce the growth of a participant's or beneficiary's retirement account. Participants and beneficiaries can visit the Employee Benefit Security Administration's website for an example demonstrating the long-term effect of fees and expenses.

Description: The investment option normally invests the majority of assets in companies in at least three different countries. It invests in securities of companies with their principal place of business or principal office outside of the United States; companies for which the principal securities trade on a foreign exchange; and companies, regardless of where their securities are traded, that derive 50% or more of their total revenue from goods or services produced or sold outside of the United States. The Separate Account may invest in securities of companies with small to medium market capitalizations.

Description: Effective close of market 07/01/2022, a contractual limitation will delay the payment of most withdrawal or transfer requests from the Principal US Property Separate Account (Separate Account) but for no more than three years from the effective date. In accordance with the terms of your employer's group annuity contract, delayed payment requests will be honored proportionately. This means transactions may be processed in a series of payments until enough cash is available to pay obligations. The Separate Account invests the majority of assets in owned private equity commercial real estate. It focuses on properties anticipated to return both lease income and appreciation of the buildings' marketable value. The property holdings usually contain real estate from the multi-family, office, warehouse/manufacturing, and retail sectors. This Separate Account is subject to investment and liquidity risk and other risks inherent in real estate such as those associated with general and local economic conditions. Please log on to the participant website at www.principal.com for more details.

Description: Principal Pension BuilderSM is a deferred income annuity that provides a guaranteed income stream. The ability of Principal Life Insurance Company to pay the guarantee is based on the claims-paying ability of the general account and is subject to terms of the contract. Contributions and transfers allocated to this option purchase guaranteed income for life subject to the annuity purchase rates in effect at the time of the purchase. Additional details are provided below. For more information, call the automated phone system at 1-800-547-7754 or see the applicable fact sheet on principal.com for a more complete description of this product and its features, including availability of alternative annuity forms and income start date provisions.

Monthly Guaranteed Income Example

Participant Age at Purchase	Age 50	Age 55	Age 60
Income Purchased as of 03/15/2024	\$135.71	\$105.42	\$81.86

Assumes a \$10,000 purchase, life with 10-year period certain annuity form, unisex mortality rates and age 65 income start date. This hypothetical example is for illustrative purposes only. Guaranteed income will vary based on factors such as purchase amounts, interest rates in effect and the participant's age at the time of purchase, income start date and annuity option selected. See Pricing Factors below for more information.

Rate Level Service Fee			

Objectives/Goals: To provide guaranteed income for life.

Pricing Factors: Purchase rates vary based on your age, current interest rates and certain actuarial assumptions. Ordinarily, the farther you are from retirement, or the higher interest rates are, the greater the amount of purchased income. The monthly guaranteed income is based on an income start date of the later of age 65 or your normal retirement date (as defined by your employer's retirement plan), and lasts for a period of 10 years or your lifetime, whichever is longer.

Prior to your normal retirement date, you will have one opportunity to irrevocably change your income start date. Prior to your income start date you may select the annuity form for the guaranteed income payments, including a qualified joint and survivor annuity. Spousal consent requirements will apply. Your monthly guaranteed income will be adjusted up or down, as applicable, for any changes to the assumed income start date and annuity form.

Minimum Balance Required for Income Payments: No guaranteed income payments will be made if your vested Principal Pension Builder balance (which is the amount of contributions and transfers allocated to this option minus any previous surrenders, including applicable surrender charges, and distributions) is \$5,000 or less at the time of your income start date or at the time you take a total distribution from the plan. Instead, the annuity will be surrendered and you will receive the present value of the guaranteed income payments as determined by the annuity contract and disclosed in the annuity purchase certificate. The surrender value will never be less, and may be more, than the vested Principal Pension Builder balance.

Restrictions/Fees: If you transfer funds out of Principal Pension Builder, annuities and the corresponding guaranteed income purchased with those transferred funds will be surrendered. A surrender charge may apply to annuities that are surrendered more than 90 days from the date of purchase. The surrender charge is equal to the difference, if any, of the transferred amount from Principal Pension Builder and the surrender value of that transfer. The surrender value is the lesser of the amount transferred or the present value of the corresponding guaranteed income payments as determined by the annuity contract and disclosed in the annuity purchase certificate. The surrender value will never be more than the amount transferred from Principal Pension Builder, and may be less if current interest rates are the same or higher than the interest rates in effect at the time of the original purchase.

Any transfer from Principal Pension Builder will constitute a surrender, and will result in a 12-month restriction period during which investment transfers into the product will not be allowed. Contributions directed to Principal Pension Builder can continue.

When making contributions or transfers to Principal Pension Builder, the following apply:

- \$10 minimum amount for each transfer
- Transfers to Principal Pension Builder will not be allowed if your balance in Principal Pension Builder is equal to or exceeds 50% of the sum of your total plan account balance minus outstanding loans
- You may direct up to 50% of your plan contributions to Principal Pension Builder
- Total contributions and transfers to Principal Pension Builder cannot exceed \$2,000,000
- In order to access amounts invested in Principal Pension Builder for a loan or withdrawal, you must first transfer the desired amount to another investment. A surrender charge may apply, as explained above.

Contributions and investment transfers into or from Principal Pension Builder are not allowed within 60 days of the income start date.

Important Information

Before directing retirement funds to a separate account, investors should carefully consider the investment objectives, risks, charges, and expenses of the separate account as well as their individual risk tolerance, time horizon and goals. For additional information, contact us at 1-800-547-7754.

An investment's past performance is not necessarily an indication of how the investment will perform in the future.

Since inception benchmark returns are displayed on the Investment Option Summary for investments that are less than 10 years old. The benchmark reflecting the Since Inception return is the Morningstar Category index. For some Sub-Advised investment options, two benchmarks will be displayed on the Investment Option Summary and the secondary index reflecting the Since Inception Return is the Morningstar Category index.

Investment Options may charge a short-term trading or redemption fee to protect the interests of long-term Contractholders.

For the Principal LifeTime Hybrid Collective Investment Funds, Principal Global Investors, LLC is the discretionary advisor to Principal Global Investors Trust Company.

- A Separate Accounts are available through a group annuity contract with Principal Life Insurance Company. Insurance products and plan administrative services, if applicable, are provided by Principal Life Insurance Company, a member of the Principal Financial Group, Des Moines, IA 50392. See the fact sheet for the full name of the Separate Account. Certain investment options may not be available in all states or U.S. commonwealths. Principal Life Insurance Company reserves the right to defer payments or transfers from Principal Life Separate Accounts as described in the group annuity contracts providing access to the Separate Accounts or as required by applicable law. Such deferment will be based on factors that may include situations such as: unstable or disorderly financial markets; investment conditions which do not allow for orderly investment transactions; or investment, liquidity, and other risks inherent in real estate (such as those associated with general and local economic conditions). If you elect to allocate funds to a Separate Account, you may not be able to immediately withdraw them.
- B Principal Funds mutual funds are part of the Principal Funds, Inc. series. Principal Funds, Inc. is distributed by Principal Funds Distributor, Inc. Certain investment options may not be available in all states or U.S. commonwealths.

Returns shown for periods of less than one year are not annualized. All returns displayed here are after net Total Investment Expense of the investment option.

For a Separate Account investment option, Total Investment Expense net equals the sum of these expenses: (a) the amount of money, expressed as a percentage, deducted for the costs of managing a separate account where applicable, fees for plan administrative services and agent compensation, plus (b) if the separate account invests in an underlying mutual fund, the total fund operating expenses of the underlying mutual fund, plus (c) if an underlying mutual fund invests in other mutual funds, the weighted-average management fee of those other mutual funds, as listed in the most recent prospectus. The actual gross Total Investment Expense may change if an underlying mutual fund's allocation of assets to other mutual funds changes.

For a Mutual Fund investment option, Total Investment Expense gross equals the sum of (a) the total fund operating expenses plus (b) if the mutual fund invests in other mutual funds, the weighted-average management fee of those other mutual funds, as listed in the most recent prospectus. The actual Total Investment Expense may change if the mutual fund investment option's allocation of assets to other mutual funds changes.

This report includes investment options that contain information from a variety of sources. Morningstar generally provides holdings information, operations data, and rankings or statistics proprietary to Morningstar. Morningstar is also the source of information on certain mutual funds.

These results are for the investment options available through your Plan Sponsor's retirement plan, and may be different from the results for other retirement plans. Past performance is not a guarantee of future results. Principal values and investment returns will fluctuate so that values upon redemption may be worth more or less than original costs. Total returns illustrated are net of investment expenses and management fees.

Principal Life is an investment manager as defined in ERISA with regard to its Separate Accounts.

Since inception returns are only shown for funds/accounts in existence for less than 10 years.

- 1 Small-cap and mid-cap investment options are subject to more fluctuation in value and may have additional risks than other investment options with stocks of larger, more stable companies.
- 2 Each index based investment option is invested in the stocks or bonds of the index it tracks. Performance of indexes reflects the unmanaged results for the market segment the selected stocks or bonds represent. There is no assurance an index based investment option will match the performance of the index tracked.
- 3 This Separate Account invests solely in the least expensive share class of the Principal Funds. All voting rights associated with ownership of shares in the mutual fund are the rights of the Separate Account, not of contract holders investing in the Separate Account. For further information on the underlying mutual fund, see the prospectus of the fund.
- 4 International and global investment options are subject to additional risk due to fluctuating exchange rates, foreign accounting and financial policies, and other economic and political environments.
- 5 Real Estate investment options are subject to investment and liquidity risk and other risks inherent in real estate such as those associated with general and local economic conditions. Property values can decline due to environmental and other reasons. In addition, fluctuation in interest rates can negatively impact the performance of real estate investment options.

- 9 These calculated returns reflect the historical performance of the oldest share class of the fund, adjusted to reflect a portion of the fees and expenses of this share class. For time periods prior to inception date of the fund, predecessor performance is reflected. Please see the fund's prospectus for more information on specific expenses, and the fund's most recent shareholder report for actual date of first sale. Expenses are deducted from income earned by the fund. As a result, dividends and investment results will differ for each share class.
- 10 Principal Fixed Income Option is the Group Annuity Contract - Custodial Guaranteed Fund Contract available through Principal Life Insurance Company, a member of the Principal Financial Group, Des Moines, Iowa, 50392.
- 11 Principal Fixed Income Guaranteed Option is not FDIC insured and is not an obligation or deposit for any bank nor guaranteed by a bank. The guarantees provided with regard to the Principal Fixed Income Guaranteed Option are supported by the general account of Principal Life. Principal Fixed Income Guaranteed Option is the Group Annuity Contract - Custodial Guaranteed Interest Contract available through Principal Life Insurance Company, a member of the Principal Financial Group®, Des Moines, Iowa, 50392.
- 12 Equity investment options involve greater risk, including heightened volatility, than fixed-income investment options. Fixed-income investment options are subject to interest rate risk, and their value will decline as interest rates rise.
- 13 Asset allocation does not guarantee a profit or protect against a loss. Investing in real estate, small-cap, international, and high-yield investment options involves additional risks.
- 14 Small-cap and mid-cap stocks may have additional risks, including greater price volatility.
- 15 Fixed-income investment options are subject to interest rate risk, and their value will decline as interest rates rise. Neither the principal of bond investment options nor their yields are guaranteed by the U.S. government.
- 16 If the retirement program provides a participant access to the Principal Fixed Income Guaranteed Option and Competing Investment Options, direct and indirect investment transfers, to Competing Investment Options will be subject to an Equity Wash. An Equity Wash requires that transfers must be directed to a non-competing investment option for 90-days before such transferred amounts may be directed to any other Competing Investment Option. Competing Investment Options include other guaranteed investment options, or a stable value, money market, or other short term fixed income investment option with an average duration of less than two years.
- 17 The Principal Fixed Income Guaranteed Option is a guarantee backed by the general account of Principal Life. As a guaranteed contract, it does not have an investment management fee or expense ratio; those are concepts unique to investment products. The Rate Level Service Fee illustrated here represents a part of an overall fee arrangement that the plan pays for services from Principal Life as a provider of administrative services to the plan, as agreed to in the Service and Expense Agreement for the plan.
- 18 The net crediting rate shown for the Principal Fixed Income Guaranteed Option is an effective annual rate and is displayed here as the composite crediting rate guaranteed by Principal Life net of the fees for administrative and recordkeeping services to the plan illustrated in the Rate Level Service Fee column.
- 19 The Principal Fixed Income Option is an insurance product that provides a guaranteed crediting rate for specified periods of time. As an insurance product, this option does not have a fixed investment management fee or expense ratio; those are concepts unique to investment products. Rather, the product provides a guarantee that is backed by the General Account of Principal Life Insurance Company. The calculation of each guarantee includes some amount of expected costs and expenses. While we target a certain level of expense, there are many factors that can change our actual cost of providing the guarantee. This can include factors such as changes in the interest rate environment. While it is impossible to know the actual expense due to these factors, Principal Life Insurance Company, as a provider of administrative services to the plan, assumes that it will receive 65 basis points (from the expense built into the Principal Fixed Income Option) as part of the overall fee arrangement a plan pays for services from Principal Life.

- ²⁰ Fixed-income and asset allocation investment options that invest in mortgage securities are subject to increased risk due to real estate exposure.
- ²¹ Instances of high double-digit returns were achieved primarily during favorable market conditions and may not be sustainable over time.
- ²² The manager of the Fund, Principal Global Investors, invests between 10% and 40% of the Fund's assets in common stocks in an attempt to match or exceed the performance of the Fund's benchmark index for performance.
- ²³ This Separate Account invests solely in the least expensive share class of a mutual fund (Fund) from Principal Funds, Inc. Principal Global Investors, LLC invests up to 30% of the Fund's assets in equity securities in an attempt to match the performance of the Fund's benchmark index. The Fund's remaining assets are managed by the sub-advisors.
- ²⁴ Asset allocation and diversification do not ensure a profit or protect against a loss. Additionally there is no guarantee this investment option will provide adequate income at or through retirement.
- ²⁵ The Investment Advisor will display "Multiple Sub-Advisors" for certain target-date, target-risk and specialty investment options where the assets are directed by the Investment Manager to multiple underlying investment options. These underlying investment options may use multiple sub-advisors who are responsible for the day-to-day management responsibilities.
- ²⁶ If you elect to contribute funds into the Principal US Property Separate Account (Separate Account), you may not be able to immediately withdraw them. This Separate Account is unlike most other retirement plan investment options because it is primarily made up of interests in private equity commercial real estate rather than traditional securities. Unlike public securities sold on an exchange, commercial real estate assets are usually sold in time-consuming, and often complex, transactions. Due to the nature of these transactions, this Separate Account may be subject to market conditions which may delay or prevent a sale. We may implement a pre-existing contractual limitation in the group annuity contract which will allow us to manage this Separate Account and satisfy withdrawal requests proportionately over time and fairly among all those who request a withdrawal.
- ²⁷ For investment options, returns for all time periods, except the Since Inception time frame, may include the historical performance of the oldest share class of the investment, adjusted to reflect a portion of the fees and expenses of this share class. Since Inception returns display the actual return of this share class and do not reflect the adjusted returns of the oldest share class. Please see the fund's prospectus or if CIT, the offering document for more information on specific expenses, and the investment options most recent shareholder report for actual date of first sale. For a CIT, you may need to contact the plan sponsor or plan advisor, if applicable. Expenses are deducted from income earned by the investment option. As a result, dividends and investment results will differ for each share class.
- ²⁸ The risks associated with derivative investments include that the underlying security, interest rate, market index, or other financial asset will not move in the direction the Investment Adviser and/or Sub-Advisor anticipated, the possibility that there may be no liquid secondary market, the risk that adverse price movements in an instrument can result in a loss substantially greater than a fund's initial investment, the possibility that the counterparty may fail to perform its obligations; and the inability to close out certain hedged positions to avoid adverse tax consequences.
- ²⁹ International and global investing involves greater risks such as currency fluctuations, political/social instability and differing accounting standards.
- ³⁰ For the Principal LifeTime Hybrid Collective Investment Funds (CITs), Total Investment Expense Net equals the sum of these expenses: (a) the amount of money, expressed as a percentage, deducted for the cost of managing the collective investment trust, and where applicable, plus (b) if the collective investment trust invests in an underlying mutual fund, separate account, or collective investment trust, the total investment operating expenses of the underlying investment option, as listed in the most recent prospectus if applicable.
- ³¹ The Principal LifeTime Hybrid Collective Investment Funds (CITs) are collective investment trusts maintained by Principal Global Investors Trust Company, (the Trust Company). The Trust Company has retained Principal Global Investors, LLC (the Adviser), to serve as investment adviser with respect to the CITs, subject to the Trust Company's supervision and review. The Adviser is an indirect wholly owned subsidiary of Principal Financial Group, Inc. and is under common control with the Trust Company. The Adviser also manages portfolios which may be included as underlying investments in the CITs. The Adviser receives management fees from these portfolios. The Adviser or other affiliates of the Trust Company may provide services to the CITs and may receive fees for such services. The CITs are available only to certain qualified retirement plans and governmental 457(b) plans.
- ³² The Trust Company is regulated by the State of Oregon. Units of the CITs are not deposits or obligations of, guaranteed by, or insured by the Trust Company or any affiliate, and are not insured by the FDIC or any other federal or state government agency. The value of the CITs will fluctuate so that when redeemed, units may be worth more or less than the original cost. A copy of the participation agreement can be obtained from your plan administrator or investment contact.
- ³³ Investment manager/sub-advisor means either the Investment Advisor or Sub-Advisor to the investment option or the underlying asset(s). Principal Life Insurance Company is the Investment Manager as defined by ERISA, with regard to the assets of some Separate Accounts. Refer to the factsheet for more information.
- ³⁴ For the NE Rate level, Principal Life Insurance Company (Principal Life) 1. pays the Sub-Advisor the management fee and compensation for services provided to the separate account, and 2. pays the separate account the expected operating expenses proportionally attributable to the NE Rate level in the maintenance of the Separate Account. Operating expenses may be greater or less than expected in any given period. The NE Rate level is only available to Contract holders who meet certain requirements and select certain additional products and services made available by Principal Life or an affiliate. Ask your Principal representative for additional details.
- ³⁵ Additional target date portfolios may be added to the Principal LifeTime portfolios series to accommodate plan participants with later normal retirement dates as they enter the workforce. Participants may also choose a portfolio with a target date that does not match the intended retirement date. Compare the different portfolios to see how the mix of investments might shift.
- ³⁶ The Principal U.S. Property Separate Account invests primarily in the Principal U.S. Property Portfolio, an operating partnership. All rights associated with the partnership are the rights of the Separate Account, not of contract holders investing in the Separate Account. Generally more than five percent (5%) of the Net Asset Value will be in directly held assets consistent with the investment objective and strategy.

- ³⁷ Selecting a target date fund series is also authorizing any additional vintage which is launched by the investment provider for the series, and included in their associated materials, to be added to the plan after proper notification.
- ³⁸ The total investment expense is 0.015%.
- ³⁹ There is no guarantee that a target date investment will provide adequate income at or through retirement. A target date fund's (TDF) glidepath is typically set to align with a retirement age of 65, which maybe your plan's normal retirement date (NRD). If your plan's NRD/age is different, the plan may default you to a TDF based on the plans NRD/Age. Participants may choose a TDF that does not match the plan's intended retirement date but instead aligns more to their investment risk. Compare the different TDF's to see how the mix of investments shift based on the TDF glide path.
- ⁴⁰ Investing involves risk, including possible loss of principal. Equity investment options involve greater risk, including heightened volatility, than fixed-income investment options.
- ⁴¹ Nonqualified plan sponsors may include Principal Fixed Income Guaranteed Option as an available investment option to reference when measuring a nonqualified participant's benefits, as described in certain nonqualified plan materials. The guarantee of principal and interest through the group annuity contract is not a representation that a nonqualified plan sponsor holds any assets for paying these benefits.
- ⁴² An interest in Principal Fixed Income Guaranteed Option may be obtained by a nonqualified plan sponsor to use that interest as a corporate asset to aid in financing liabilities to nonqualified plan participants. Participants in a nonqualified plan do not own an interest in the contract, although a liability owed to a nonqualified participant may be tracked by an interest attributed to such nonqualified participant. All limitations on transfers and withdrawals, including surrender charges and early termination charges, apply to the Plan Sponsor's Interest in the contract with respect to a nonqualified plan.
- ⁴³ Participating Employer's Interest applies where the retirement plan that has an interest in Principal Fixed Income Guaranteed Option is a Pooled Employer Plan or a Multiple Employer Plan.
- ⁴⁴ Additional target date portfolios may be added to the Principal LifeTime Hybrid portfolios series to accommodate plan participants with later normal retirement dates as they enter the workforce. Participants may also choose a portfolio with a target date that does not match the intended retirement date. Compare the different portfolios to see how the mix of investments might shift.
- ⁴⁵ Risk is magnified in emerging markets, which may lack established legal, political, business, or social structures to support securities markets.
- ⁴⁶ Total Investment Expense Net and Total Expense Gross is obtained from Morningstar or directly from the Trust Company and rounded to the nearest one hundredth. For additional information, please contact the plan sponsor or trustee of the Collective Investment Trust (CIT).
- ⁴⁷ The actual total investment expense - net of the Principal LargeCap S&P 500 Index Separate Account is 0.005% less than the displayed net expense.
- ^F Investment option limits transfer activity. Once the number of allowed transfers is met, participants are not allowed to transfer back into an investment option which they have transferred out of until the holding period elapses. All participant investment transfers and non-scheduled rebalancing activity are counted toward the number of transfers allowed. Contributions into the investment option are not impacted. Participants may still transfer out to different investment options or to money market or Guaranteed options.
- ^H Investment option limits transfer activity. Once the number of allowed transfers is met, participants are not allowed to transfer back into an investment option which they have transferred out more than the threshold amount until the holding period elapses. All participant investment transfers and non-scheduled rebalancing activity more than the threshold amount are counted toward the number of transfers allowed. Contributions into the investment option are not impacted. Participants may still transfer out to different investment options, money market, or Guaranteed options.
