**Cedar Park Chamber of Commerce Joins National Initiative to Address Inequality of Opportunity**

June 5, 2020 – Today, the Cedar Park Chamber of Commerce announced it is partnering with the U.S. Chamber of Commerce on a national initiative to address inequality of opportunity.

The Cedar Park Chamber of Commerce will join the U.S. Chamber’s national townhall event on June 25 where business and community leaders will discuss concrete actions that can be taken by government and the private sector to address inequality through education, employment, entrepreneurship and criminal justice reform. As a partner on this important initiative, the Cedar Park Chamber will host local dialogues to further the discussion.

“The Cedar Park Chamber’s legislative priorities for the last 5 years have included a statement in opposition of any kind of discrimination,” said Tony Moline, President and CEO of the Cedar Park Chamber of Commerce. “The tragic death of George Floyd has called renewed attention to inequality, and we stand against racism and will advocate for diversity, equity and inclusion.”

“The moral case for greater diversity, equity and inclusion in the workplace is indisputable and there’s overwhelming evidence that greater diversity benefits the American economy, businesses, communities and employees,” said U.S. Chamber President Suzanne Clark. “We are proud to partner with the Cedar Park Chamber of Commerce on this initiative and help develop a robust plan of action.”

The Cedar Park Chamber will take a more active role in our opposition to any type of discrimination. We intend to work closely with our partners to help craft a path forward.
